

PART# 51 WAS001 4 Fascia Mount Spacer, 4" x 5/8"

D	4"
H	5/8"

MATERIAL & AVAILABLE FINISHES
Mill finish aluminum.

MATERIAL USAGE
Indoor and outdoor.

INSTALLATION	Spacer serves as a support behind fascia mount brackets when mounting on relatively soft outer surfaces such as dry wall. Cut a 4" diameter circle into the dry wall, place spacer inside and fascia mount bracket on top. Align mounting holes and insert screws/lag bolts through both the bracket and the spacer. Fascia mount bracket will cover the cut edge of the dry wall.
HARDWARE INCLUDED	---
USE TOGETHER WITH	Fascia mount bracket 49-WA103/424
