

Merchandising Rack

Increase impulse sales by displaying product right in the queue!

The double-sided Candy Merchandising Rack is made up of separate components: 2 Beltrac 3000 posts, 1 open wire grid panel, 10 wire shelves and 10 plastic shelf-talker strips that will accommodate your custom graphic inserts. Can be ordered as a complete unit, or individually by component.

Features & Benefits:

- Double-sided Merchandising Rack minimizes floor space and maximizes sales per square foot.
- Keeps waiting customers engaged, reducing perceived wait times and increasing customer satisfaction.
- Easily accessible product in the queue increases impulse sales.
- Simple to set up and change out.
- Shelves can be easily repositioned, offering customized solutions for products of varying sizes.
- Works seamlessly with other inline merchandising products such as belts, signage and acrylic bowls.

Loaded with product, the Merchandising Rack creates an enticing display.

Merchandising Rack

Increase impulse sales by displaying product right in the queue!

50-MR002/BK

Instantly turns 4 linear feet into 16 cubic feet of selling space.

Complete double-sided Merchandising Rack comes with two Beltrac® 3000 Upright Merchandiser Posts in Wrinkle Black, one 4' x 4' open wire grid panel, ten 48" wire shelves and ten 48" clear plastic shelf strips.

Approximate dimensions when fully assembled: 52" high x 65" wide x 14" deep.

Also available as individual components:

50-NX102/GB

48" square, the Open Wire Grid Panel comes with fixed grip connectors that attach to any Beltrac® 3000 post. Available in Black only.

50-3002A

Beltrac® 3000 Upright Merchandiser Posts feature our patented dovetail grooves, which are ready to accept grid wall grips or belts from other posts. 40" high, 14" wide at the base. Individually, these posts are available in 19 colors.

GWBS0048/BK

48" wide wire shelves measure 6" deep to accommodate a wide variety of product.

80-PTS0048/WS

Plastic shelf talkers accommodate any custom artwork to highlight your products.

CUSTOM GRAPHICS

Custom shelf-talker graphics are available, please call a customer service representative.

Convenient Add-ons

Curved Sign Frame attaches directly to the front of any Beltrac® 3000 post. Comes in four sizes.

Radius-corner Sign Frames attach to the top of any Beltrac® 3000 post. Many sizes and finishes to choose from.
