

NeXtrac® Merchandising

In-line Tables

Increases customer flow, cashier efficiency, and customer satisfaction.

Features & Benefits:

- NeXtrac in-line tables provide customers an opportunity to complete necessary paperwork before they reach the counter, increasing customer flow and decreasing wait times.
- For added stability, use a slim frame, hinged frame or rigid rail between the posts under the table.

NeXtrac® In-line Tables

Increases customer flow, cashier efficiency, and customer satisfaction.
