

# Basic Retractable Post

## Parts List:

Base

Set Screws (pre-installed)

Basic Post

Allen Wrench

Goggles

## Required Tools

1. Insert base of post into opening in Base Assembly. See Figure A.
2. Lay post on its side. See Figure B.
3. Tighten all 3 set screws using Allen Wrench (provided). See Figure C.
4. Once post is secured to base it becomes a permanent connection.
