

### Prefabricated Railings

Prefabricated posts save valuable time in the field. Our posts are factory welded to provide for easier installation and greater strength. Choose ball-type or flush-fitting post styles. Choose from four tubing finishes: Brass, clear-coated brass, polished stainless steel or satin stainless.

### Signage Solutions that Work

**QuickClip™** graphics are easily changed out. Wall mountable. Available in three standard sizes and two finishes with radius-corner or square-corner options.

**QuickClip™** snap frame freestanding floor easel is specially designed to change graphics easily. 2 sizes available: 22" x 28" as well as 24" x 36".

Premium quality free-standing post-top sign frames accommodate regular paper media and are easy to change at will.

### Traditional Posts

Classic styling combined with superior construction offers beauty and durability. A variety of finishes and base styles are available. Rich velour or vinyl swag ropes create a pleasantly draped barrier. Ropes may be sublimated with patterns or special colors.

Ropes, chains and wall plates are available.

### Sublimated Ropes

We have the ability to sublimate vibrant, custom textures and patterns directly onto vinyl ropes.

Every post features a 4-way "dovetail" connection. Easy-to-replace belt mechanism. Belts retract slowly and safely each and every time. Beltloc™ prevents the accidental release of belts. A non-marking, rubber-bottomed base protects flooring.

### Beltrac® Retractable Belt Stanchions

Featuring our unique 4-way dovetail groove specially designed to accept retractable belts or other attachments. Belts can be imprinted with colorful sublimated graphics that extend your brand and offer additional advertising opportunities.

### Sublimated Belts

Reinforce your brand, extend your advertising programs or highlight special offers by customizing your belts with custom full color graphics.

### Prefabricated Booth Divider Posts

Factory assembled posts with channels or glass clips are designed to hold 1/4" glass or other material. Choose from a wide array of styles and finishes.

### Foot Rails

Durable, attractive 2" tubing provides a comfortable and stylish footrest. Available in a wide variety of styles and finishes to complement any decor.

### Tray Slides

Bring convenience and style to your buffet line with our quality tray slides. Available in 3 or 4 rail configurations.

### Service Rails and Stemware Racks

Stemware racks can be bar or ceiling mounted. Our 810/91 Pre-assembled Stemware Rod can be used under cabinets.
