--------------	--

**INSTALLATION**

Splice is six inches long. Fit three inches in one tube and sleeve the other tube over the remaining three inches. Adhere fitting to tube using Loctite 326 Metal Adhesive (#00201) and, if the mating tube is stainless steel, Primer (#00211). Secure with a self drilling, self tapping screw through tube and splice in order to secure the assembly more.

**HARDWARE INCLUDED**

---

**USE TOGETHER WITH**

1" OD tube (A100).
