

Ready-to-Install Cable Railing Posts

with Built-In Anchoring and Tensioning

Patent-pending

C.A.T. Cable Railing™ System

Captive Anchoring and Tensioning Prefabricated Cable Railing Posts

Simplifies Project Planning and Ordering:

- With built-in cable receiving AND anchoring in every post, you'll always have the exact type of end post you need.
- C.A.T. Cable Railing Posts accept bulk-roll, continuous cable—no need to plan out and buy specific cable lengths with coupled fittings, just roll out what you need at the jobsite and cut to length.

Makes Installation Quick and Easy:

- Built-in cable tensioning fittings hold the cable in place preventing rotation, permitting single-handed cable tensioning from either end using a simple socket or box wrench.
- C.A.T. Cable Railing Posts are prefabricated and ready to install right out of the box. No welding or post assembly required.

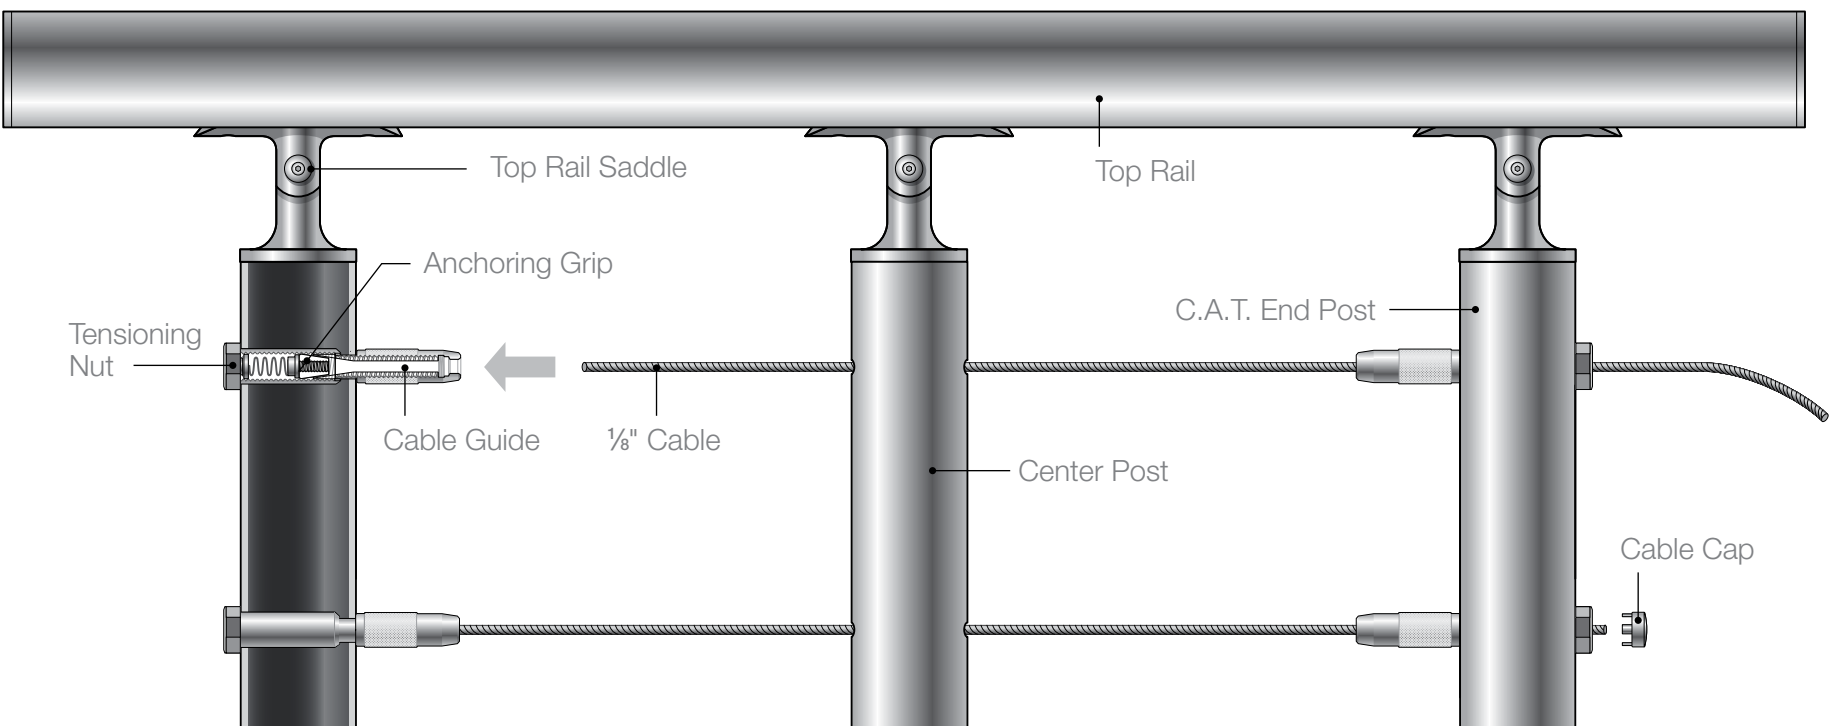

Anatomy of the C.A.T. Cable Railing System

C.A.T. Cable Railing Posts work as both anchor and receiver posts.

Simply feed cable through the built-in cable guides. Our patent-pending design ensures that the cable travels in a one-way direction and won't pull out.

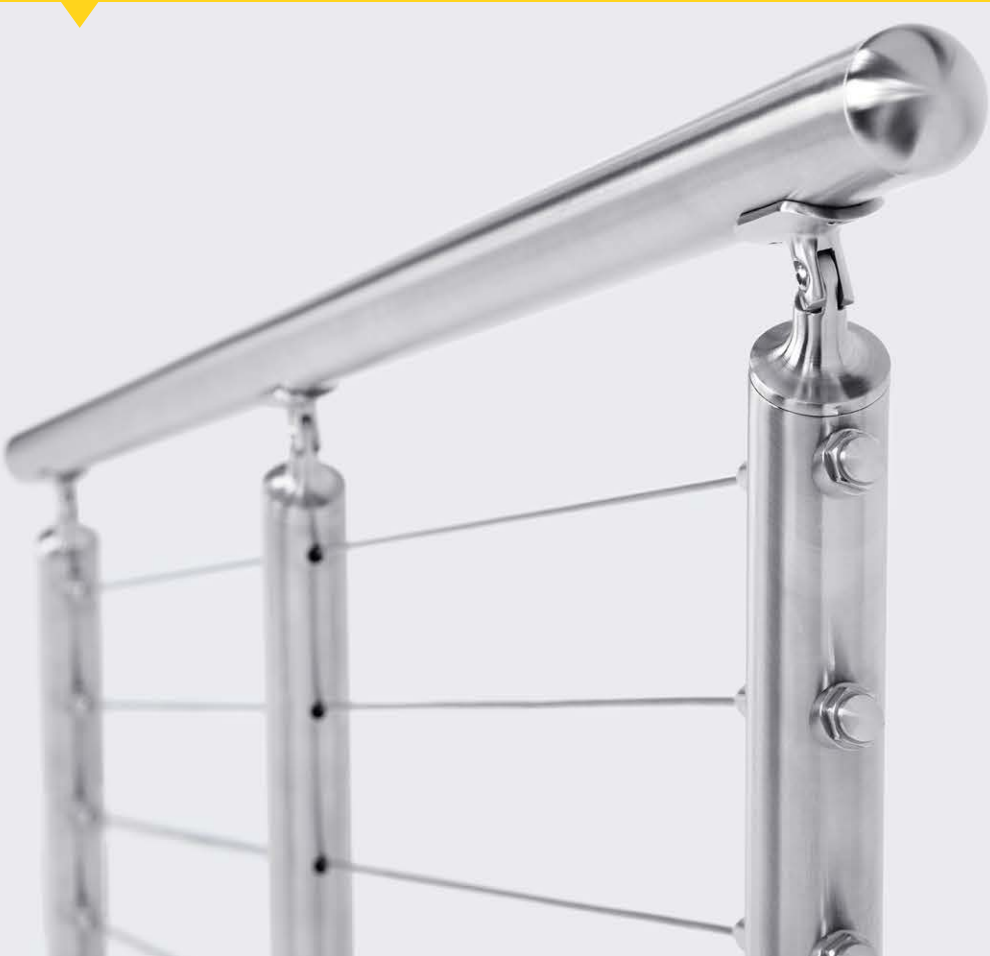

Then simply tension the cable from either end using a socket or box wrench. The built-in cable fitting prevents cable rotation and permits single-handed tensioning.

©Lavi Industries Patent-pending.

With Captive Anchoring and Tensioning Posts, Installation is Quick and Easy.

1. MOUNT PREFABRICATED POST.
2. PULL CABLE THROUGH FITTING.
3. TENSION CABLE FROM EITHER END WITH A SINGLE TOOL.
4. CUT CABLE AND ADD CAP ENDS.

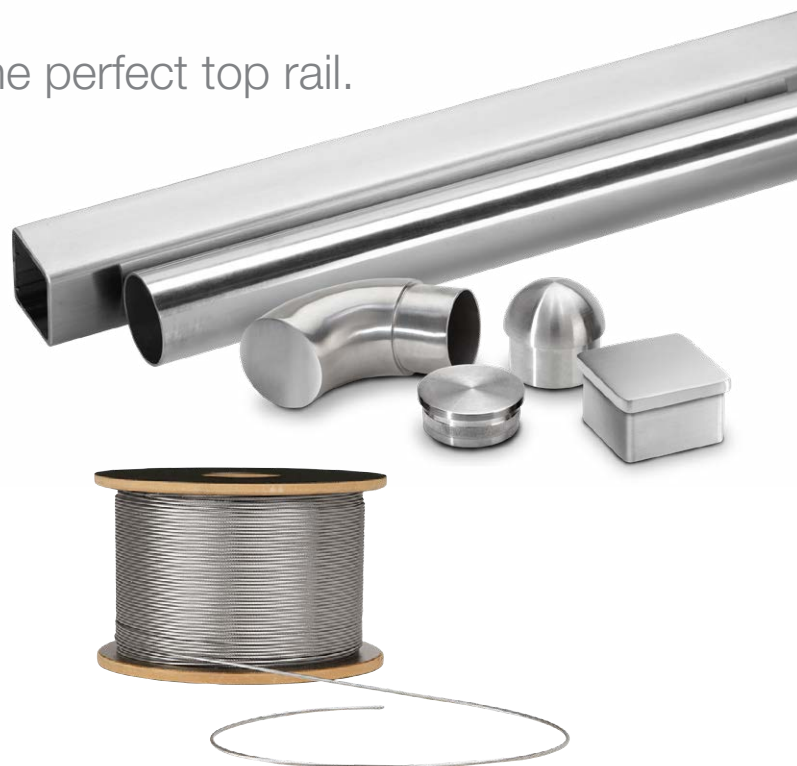

Finish off your railing project with the perfect top rail.

Our beautifully finished satin stainless steel tubing can be customized with a variety of end caps or wall returns to complete your cable railing project. High-tolerance, precision-crafted fittings and tubing ensure a perfect fit every time.

Don't forget your bulk cable roll.

A few words about bulk cable and why it's so great. A few words about bulk cable and why it's so great. A few words about bulk cable and why it's so great. A few words about bulk cable and why it's so great.

TOP RAIL COMPONENTS

TOP RAIL COMPONENTS	DESCRIPTION	ITEM #
	End your top rail with Half-ball End Cap for 1.67"-diameter tubing.	49-602/424
	End your top rail with Knurled End Cap for 1.67"-diameter tubing.	49-600PF/424
	Flush Elbow, 1.67" x 0.08" connects tubing at a 90° angle.	49-608/424
	Adjustable Flush Elbow connects tubing at any angle.	49-732/424
	Flush Wall Return ends top rail towards a wall.	49-732A/424
	End handrail tubing at a wall with a Wall Flange.	49-510/424
	1.67"-diameter tubing in satin 316 stainless steel, in 20-ft. length.	49-A114/20

BULK CABLE SPOOL[S]

CABLE	DESCRIPTION	ITEM #
	200-ft. of .125" cable in a single spool.	49-C125-1/200
	500-ft. of .125" cable in a single spool.	49-C125-1/500
