## Beltrac® Retractable Belt Stanchions

*Product innovation engineered for the real world.™*

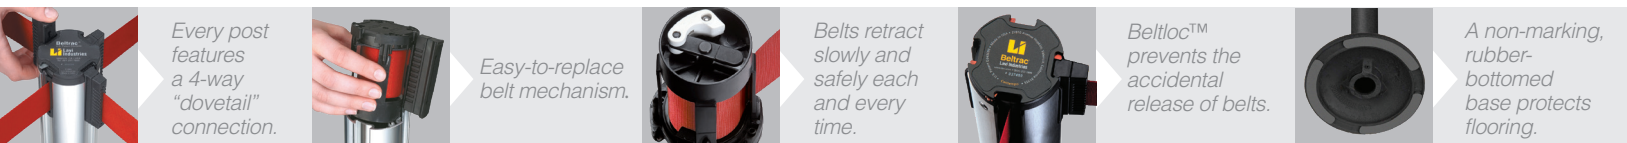

The original public guidance stanchion awarded a design patent for its self-contained belt architecture. Engineered to withstand years of use—and abuse—in the field. 5-year post warranty. 3-year mechanism warranty. Designed, engineered and built in the U.S.A.

### BELTRAC® 3000

- Exclusive Beltrac grooves instantly accept NeXtrac® In-Line Merchandising Solutions.
- Continuous aluminum extrusion withstands the elements and provides superior strength.
- Patented, embedded slow-retract mechanism keeps maintenance costs low and customers safe.
- Weighted steel base offers exceptional stability.

### BELTRAC® CONTEMPO

- Continuous steel post offers high-end finishes and superior strength.
- Patented, embedded slow-retract mechanism keeps maintenance costs low and customers safe.
- Weighted steel base offers exceptional stability.

## Portable Traditional Posts

*Exceptional quality for years of use*

Our classic Traditional Post and Rope barriers provide the strength you need and the quality you expect. Available in dozens of finish, color, and style options, you'll find the right post for your exact needs. Every post comes with a 5-year warranty. Designed, engineered and built in the U.S.A.

### Classically Styled to Elegantly Guide the Public

- Classic architectural styling.
- Large variety of post finishes and base styles.
- Hand-polished solid brass and stainless steel posts.
- Rich velour or vinyl swag ropes create a pleasantly draped barrier.
- Durable, baked-on Lido-Tone® color finishes provide a contemporary appearance.

Ropes, chains and wall plates are available.

### Superior construction for durability.

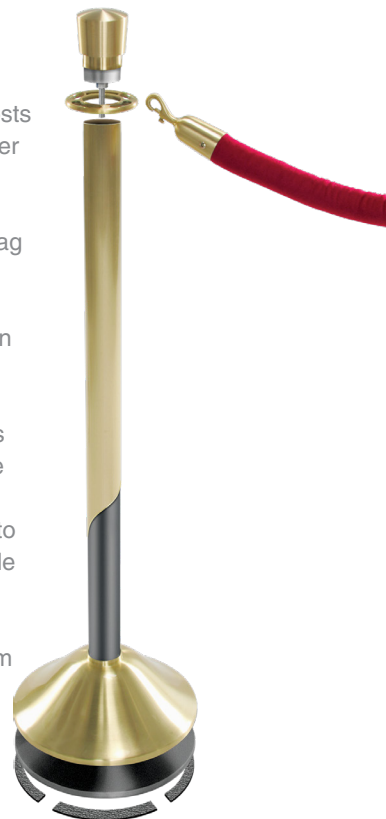

Removable finial allows posts to accept our Radius Corner Sign Frames.

Universal ring accepts swag ropes from any direction.

Easily attach Premium Sign Frames by removing finial.

Steel inner sleeve provides superior strength along the full post length. Cast steel base threads into steel inner sleeve to provide exceptional stability.

Non-marking rubber bottom protects floor surfaces and allows area under post to remain dry.

## Belt Imprinting

Custom graphics can support your brand or highlight upcoming events. We can assist in creating custom artwork with our full-service Graphics Department.

Dynamic graphics can be custom-printed on your belts!

Smooth radius corners eliminate sharp edges near your customers.

## Post-top Sign Frames

Lavi Industries features exclusive sign frames for mounting on top of crowd control posts. These frames are fabricated with radius corners, eliminating sharp edges near your customers. Each frame includes twin clear acrylic panels designed to accept regular paper media.

*Our customers say it all...*

*Lavi's products are well-designed with very good build quality.*

California Academy of Sciences

*All levels of service are top-notch, from ordering to shipping.*

Vantage Marketing

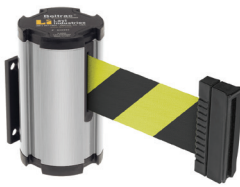

*Partnering with Lavi and their complete systems solutions has assisted us in establishing ourselves as a leader in the Store Fixtures Industry.*

Westmount Store Fixtures

## Wall Mounted Safety Barriers

*Wall-mounted with retractable-belts*

Perfect for temporary area closures. A good way to clearly indicate closed registers in shops. Maintain safety by blocking areas for cleaning or repairs.

## Edge Signage Collection

*A modern, mobile signage system for wayfinding, advertising, and messaging*

Built upon the legacy of Lavi's Directrac Signage Systems, the Edge Tower combines a modern aesthetic with a mobile platform to deliver impactful visual communication in any environment. Both the Tower and the Curve present a modular design and dramatic build to enrich your brand and message while creating better customer journeys.

### Edge Tower

- Available in 5 sizes: 14" x 72", 18" x 72", 24" x 72", 18" x 84", & 24" x 84".
- LED powered backlight available
- Add a touchscreen to create a stunning kiosk
- Mobile platform to deliver impactful visual communication in any environment

### Edge Curve

- Approximately 50" tall
- Durable printed sintra
- Optional clear acrylic for paper graphics

## Virtual Queuing

Waiting for a table game can be a drag on your customers' experience. But with Qtrac VR, customers can wait for an open table almost anywhere, like the casino, bar, or restaurant. When their spot opens up, they are notified via text or digital signage. It's a win-win scenario with maximum payouts, reducing perceived wait times for customers and increasing profits for business. And because it's cloud-based software, investment is minimal and implementation is easy, maximizing ROI. Call us today for a free demo.

- Browser-based software works on your existing PC's, tablets and mobile devices.
- Supports both self-service and assisted table registration processes.
- Appointment/Scheduler module available.
- Receives alerts such as registered VIP's or wait time limits.
- Prioritize customers based on registration information.
- Text-based alerts and hailing.
