

# Contempo Platinum

## Retractable Belt Crowd Control Stanchion

### Premium features at a value price.

The perfect blend of style and savings.

#### HIDES FINGERPRINTS

The contemporary silver matte finish is great looking and hides most fingerprints.

#### STRONG & DURABLE

A continuous aluminum tube creates a strong, yet surprisingly light stanchion that withstands heavy daily use.

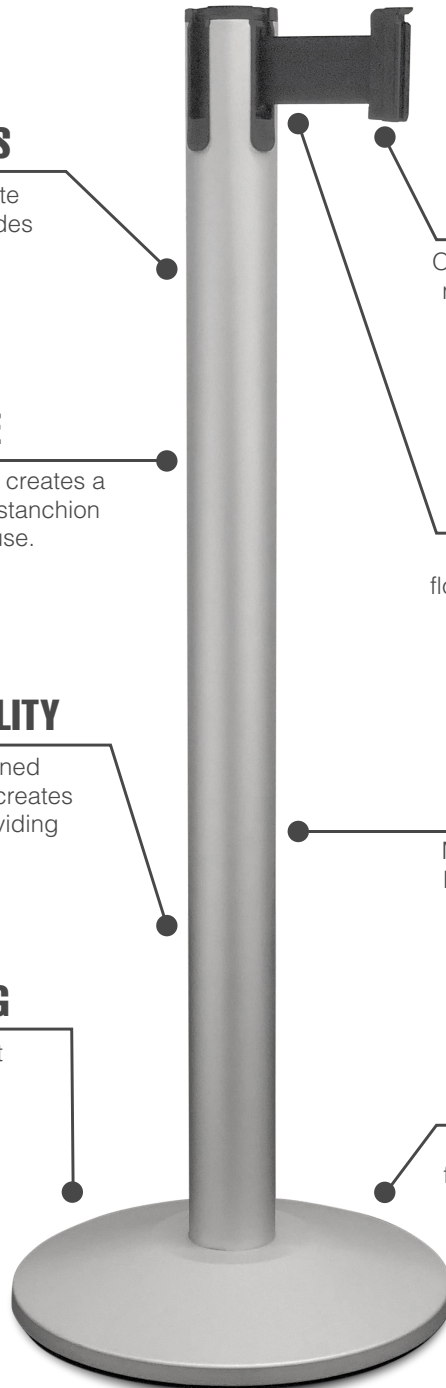

#### EXCEPTIONAL STABILITY

A light aluminum post combined with a heavy cast-iron base creates a lower center of gravity providing exceptional stability.

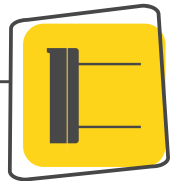

#### PROTECTS FLOORING

Non-marking rubberized feet protect flooring and promote airflow under stanchion to prevent mold and discoloration.

#### UNIVERSAL BELT END

Our belt end can attach to most manufacturer's stanchions. But why would you want to?

#### SLOW-RETRACT BELT

For safety, our belt falls to the floor when released, then slowly retracts into the stanchion.

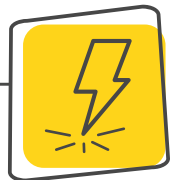

#### STYLE & GRACE

Matching silver matte post and base complements your brand and your decor.

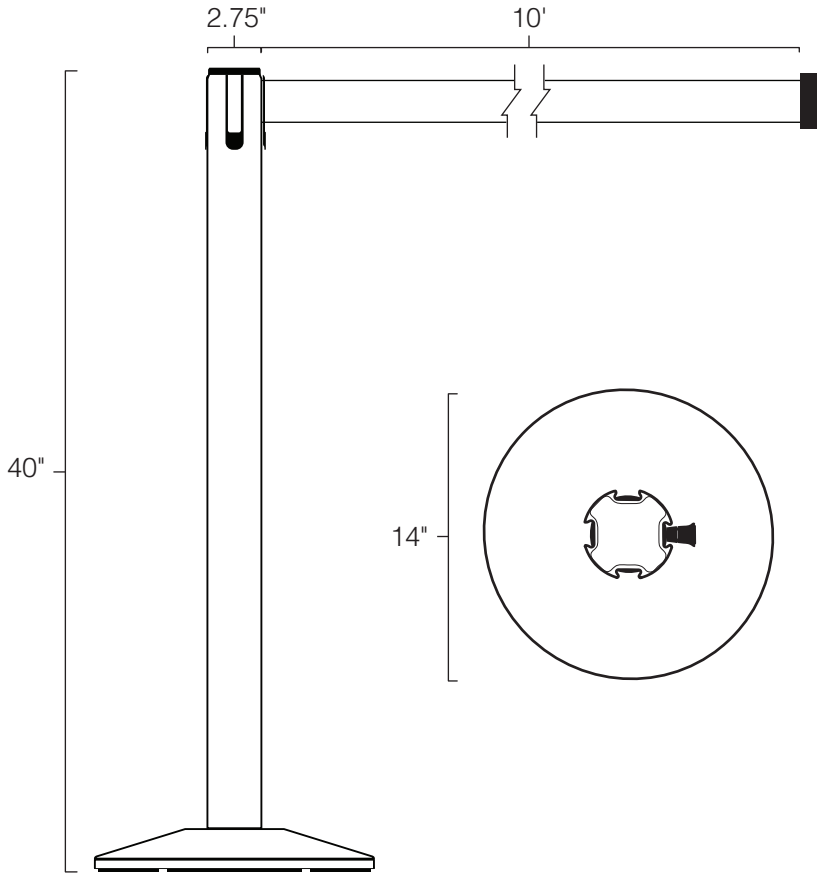

#### IMPACT RESISTANT

Plastic cover plate is perfect for high-traffic areas, providing scratch and dent resistance.

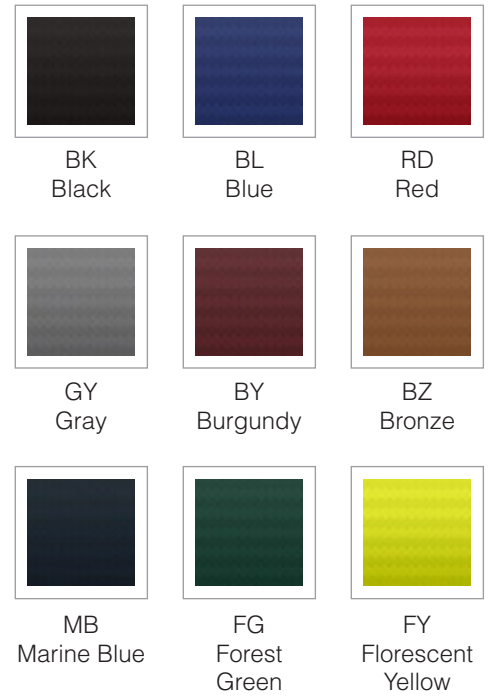

# SPECIFICATIONS: Contempo Platinum

Part Number	Description	Finish	Weight	Shipping Weight	Shipping Box Size
14/CA/MS/XX/KD	Contempo Platinum Stanchion (Knockdown)	Silver Matte	21 lbs	24 lbs	39" x 16" x 7"

## Available Belt Colors

Impact-resistant plastic cover plate resists scratches and dents, protecting the stanchion base in high-traffic areas.

Non-marking rubberized feet are spaced to allow air flow underneath stanchion, preventing moisture build-up and stains.

A slow-retracting belt, universal belt end, and strong spring are just some of the premium features of the Contempo Platinum.

Our 10-foot-long belt comes in 9 standard colors to complement your brand. Universal belt end attaches to most manufacturer's posts.
