NeXtrac[®] In-Queue Merchandising keeps customers safe while increasing your bottom line.

- Queue Guard[™] barrier provides an added layer of protection from adjacent customers.
- Maximizes usable floor space by allowing closer queuing lanes.
- Slim, double-sided design maximizes sales per square foot.
- Connect multiple units together to form long-run aisles.
- Compatible with most standard slatwall accessories.
- Available as a free-standing or mobile fixture.
- Integrates easily with other NeXtrac & Beltrac solutions.
