Security Checkpoint Shields

Safeguard the public and your employees at security checkpoints

- Protect staff & the public with an effective physical shield from crowds
- Communicate clearly with built-in speak-thru
- Clear panels allow for full visibility
- Mix and match tall and short panels to customize to your need

Provide the Safeguards Customers Expect

Physical Shield

Provides an added layer of protection.

Peace of Mind

Assures the public that their safety and health is a top priority.

Full Visibility

Allows full visibility of adjacent areas.

Easy Installation

Quickly slides into the dovetail grooves of Beltrac posts.

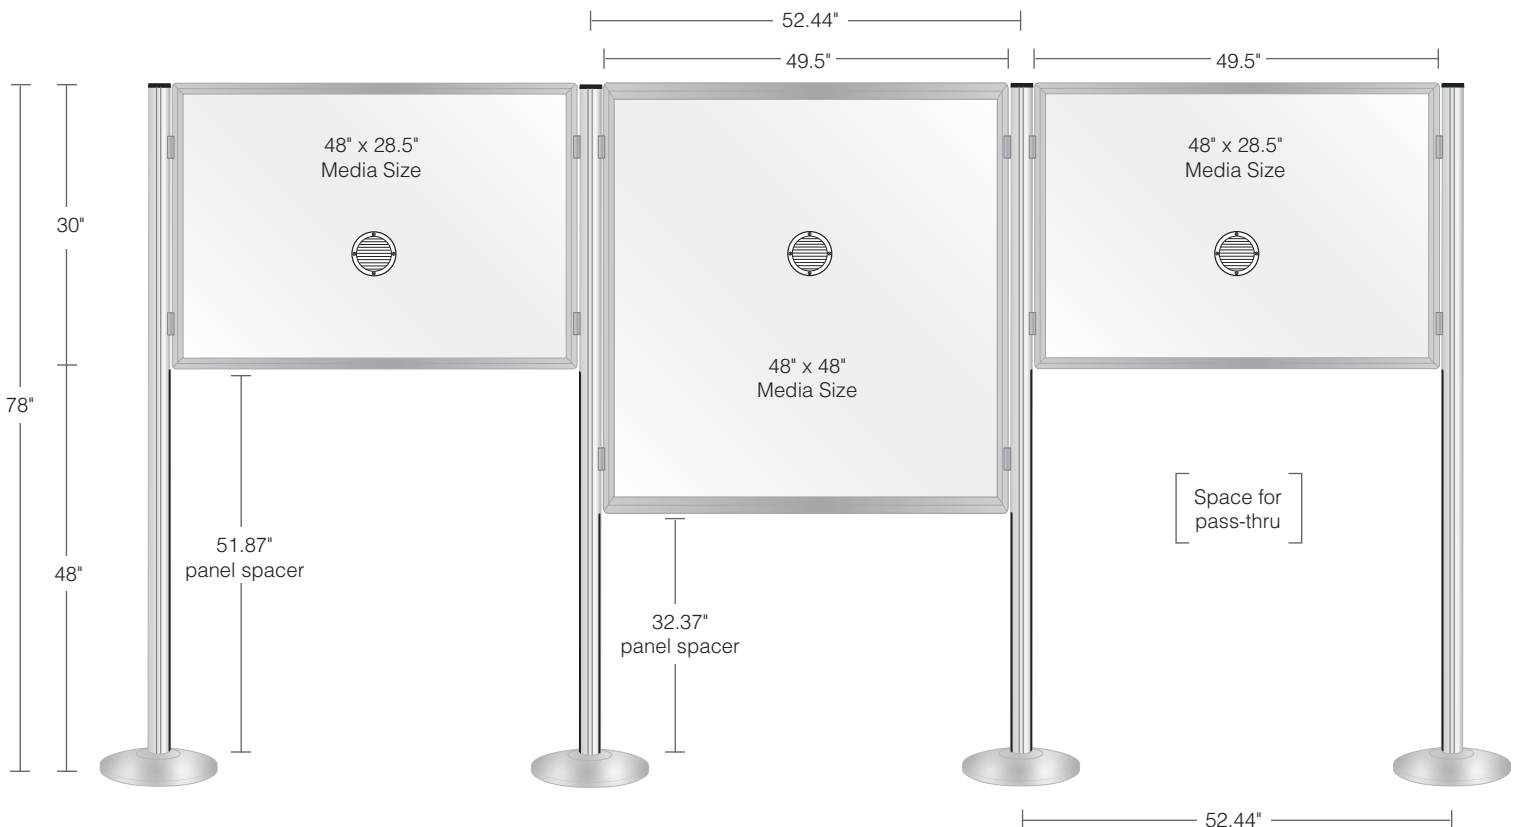

Seamless Integration

Integrates seamlessly with Beltrac® queuing, safety, and signage solutions.

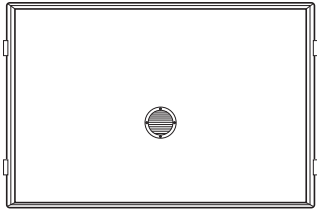

Specifications & Usage

Divesting panels are used with 78" tall posts

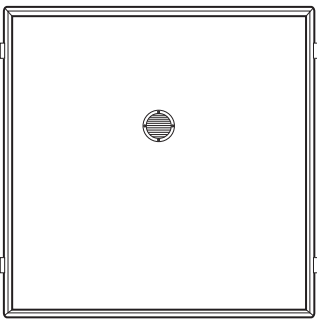

Specifications

Mix and match short and tall panels to build your customized system.
