Required Tools

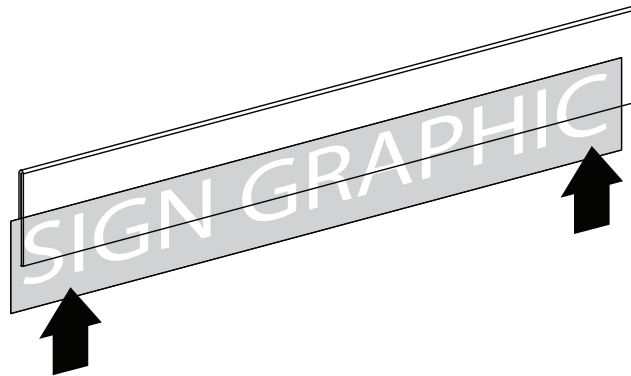

Installation Instructions

1. Peel off blue protective film from acrylic. **(Figure A)**
2. Insert sign graphics between the two layers of acrylic. **(Figure B)**
3. Slide Sign Clips onto bottom of acrylic (open end opposite the curved bend) about 2" to 6" from each end, depending on the length of the acrylic. **(Figure C)**
4. Position Sign Holder on top of Panel and push down to snap into place. **(Figure D)**
