# The Tempest Outdoor Stanchion

Tempest® — the all-weather outdoor stanchion built for strength and endurance. Made from weatherproof HDPE (high-density Polyethylene) plastic, the Tempest outdoor stanchion post is easy to deploy. Its superior strength and durability withstand even the harshest environments. Simple, sturdy, dependable.

- **Strength Meets Utility**

The plastic stanchion post is constructed from robust HDPE (high-density Polyethylene), promising longevity without compromising on portability. Its thoughtful design ensures swift deployment, while its robust build provides resilience against outdoor conditions.

- **Eco-Conscious Base**

The stanchion's base isn't just about stability; it's a nod to our commitment to the environment. Made from recycled rubber, it's eco-friendly and free from harmful emissions.

- **Safety Add-Ons**

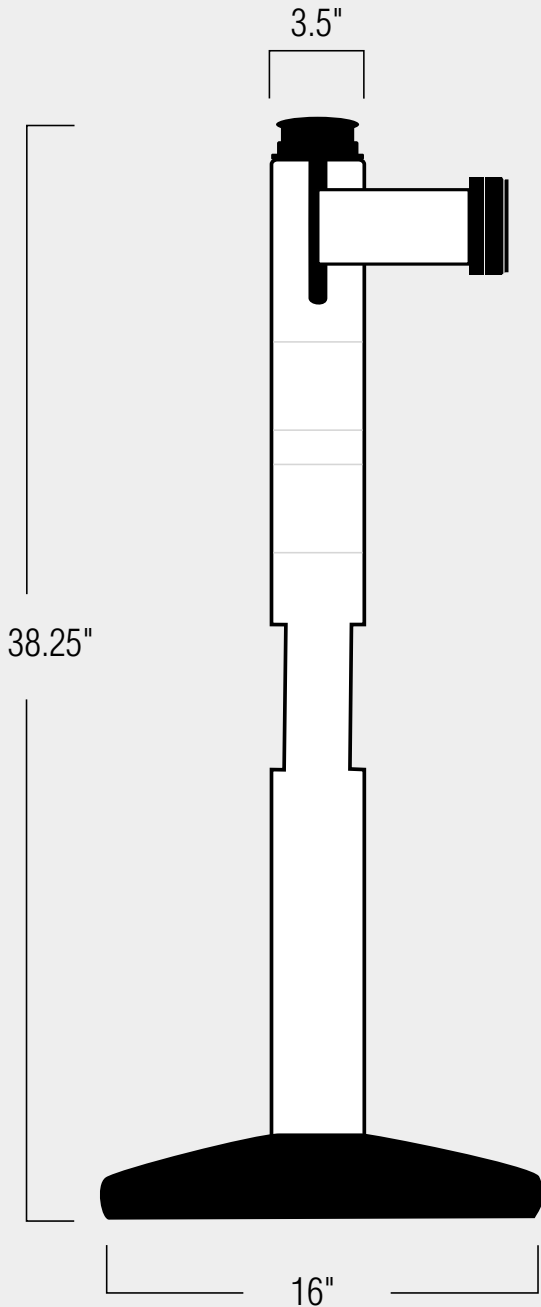

Instantly add our Solar-Powered Flashing Beacon or a Sign with standard or custom message to the top of your Tempest stanchion with a simple "Twist 'n Click."

- **High-Visibility Barrier Tape**

With a 12-foot-long retractable barrier tape available in striking colors, the Tempest outdoor plastic stanchion ensures visibility even from a distance. It's the ideal choice for parking lots, garden centers, and event spaces that demand a reliable, robust barrier system.

# The Tempest Outdoor Stanchion

### Optional 4-Way Belt Connection

An optional 4-way belt connection provides flexibility when creating queue layouts. Comes standard with a 2-way connection.

### Integrated Post Handle

Easily pick up the post with the ergonomically placed handle, which provides the correct leverage to handle and move the post short distances.

### Belt Printing

Standard or custom graphics visibly display your message to the public. Available with 4 standard safety messages or 12 high-visibility belt colors.

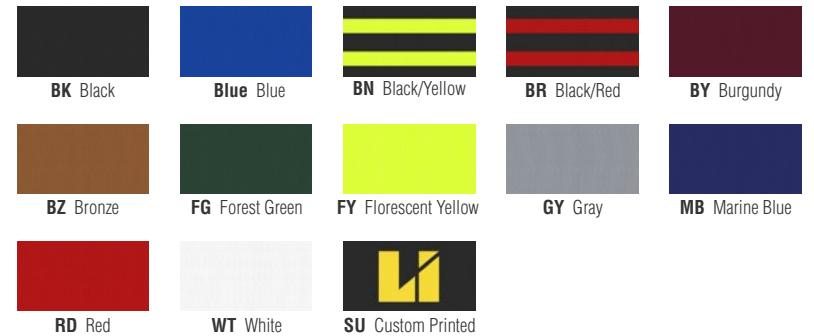

### Eco-friendly Recycled Rubber Base

Non-toxic, recycled rubber without waste by-products, dangerous chemicals, or hazardous emissions.
