

Chief Operating Officer

Valencia, CA

Who We Are

Lavi Industries is a premier manufacturer of innovative architectural systems, public guidance fixtures, and queue management software for guiding people in, through, and out of commercial and government facilities. We are headquartered in Valencia, California with facilities in Brewster, New York, and sales offices throughout the US. We pride ourselves in our pursuit of excellence through the dedication and integrity of our people. We offer the right candidate an opportunity to excel in an entrepreneurial environment, as well as an attractive compensation package.

Job Summary

The COO will have full responsibility for executing the strategic and tactical operational plans for the company. The individual will provide hands-on leadership with clear direction, and will continue to build a cohesive, efficient organization. The COO will be expected to improve productivity through enhanced training, manufacturing process improvements, and automation. Areas of focus should include short lead-time manufacturing, quality control, ERP utilization and close collaboration with a sales force.

Qualifications

- Minimum 5 years managing a light manufacturing facility with demonstrated leadership and attention to Quality Control.
- Excellent technical skills.
- Minimum 3 years managing an operation utilizing advanced ERP and strong systems background.
- BS in Engineering Science or Business is required, MBA or related degree highly desirable.

Compensation

We offer an opportunity to develop your full potential in an entrepreneurial environment, as well as an attractive compensation package including base salary plus a bonus plan based on objectives and company profitability.
