

Director of Manufacturing

Valencia, CA

Who We Are

Lavi Industries is a premier manufacturer of innovative architectural systems, public guidance fixtures, and queue management software for guiding people in, through, and out of commercial and government facilities. We are headquartered in Valencia, California with facilities in Brewster, New York, and sales offices throughout the US. We pride ourselves in our pursuit of excellence through the dedication and integrity of our people. We offer the right candidate an opportunity to excel in an entrepreneurial environment, as well as an attractive compensation package.

Job Summary

We are seeking an individual with a high level of energy and strong leadership to serve as the Director of Manufacturing at our headquarters in Valencia, CA. This position is responsible for managing a manufacturing and distribution facility. Responsibilities include coordination of all manufacturing operations, building maintenance, inventory control and utilization of a sophisticated ERP. We need a hands-on, technically proficient individual.

Responsibilities

- Manage all production, assembly and distribution activities.
- Supervise all facility employees, including hiring, reviewing and terminating.
- Responsible for inventory control.
- Manage the building and equipment maintenance.
- Work with the IT department to improve ERP utilization.

Qualifications

- Minimum of bachelor's degree.
- Seven years experience in a manufacturing environment.
- Minimum of five years management experience.
- Strong working knowledge of MRP
- Excellent organization and communication skills, verbal and written.
- Proven ability to establish and motivate a cohesive team.
- Considerable skills in mechanical operations/processes.
- Strong analytical, problem solving and process management skills.

Equal Opportunity Employer. All offers of employment are contingent upon successful completion of a post-offer drug screen and background check.
