Machine Operator – Mill and Conventional Lathe

Valencia, CA

Lavi is looking for a passionate, self-motivated **Machine Operator – Mill and Conventional Lathe** with an enthusiastic attitude to operate our manual Bridgeport mill machine and lathe machine as well as product production parts to required tolerances and quantities.

Lavi Industries' mission is to innovate the customer journey, increase efficiency, and capitalize on ROI-boosting opportunities. We accomplish providing these solutions with our three different segments of products: public guidance, architectural railings, and our Qtrac® virtual queueing system.

You have more than likely been queued by a Lavi Industries product, and we welcome you to join the journey of queuing people and the places they go today!

Who we are:

Founded in 1979, Lavi Industries is a premiere developer of architectural fixtures and software for guiding people through commercial facilities.

Why should you join?

Lavi Industries was founded on an entrepreneurial spirit. Our continued growth and success is driven by the determination and talent of our team. We recognize that our team is our primary asset, and we believe in providing them with a positive, rewarding work environment. Be a part of a team that pursues excellence with dedication, integrity, and service.

What's in it for you?

- Career Development
- Full Comprehensive Benefits Package
- Education Reimbursement – want to advance your career? Lavi will assist with that!
- Employee Referral Program – we believe good people know good people. If you refer a friend and they get hired on, we'll give you \$500!
- Fun Express Benefits – From food to attractions to vacations. Lavi employees receive discounts on all the fun.
- Verizon Wireless – Is Verizon your cellular carrier? As a Lavi employee you get up to 17% discount off anything from billing to accessories.

Typical day in the life of a Mill and Lathe Machine Operator:

- Sets up jobs according to specifications of work order
- Follows directions and produces required quantity of parts
- Works on different types of equipment to carry out a particular phase of the production cycle
- Produces parts within required tolerances
- Takes care of routine machine maintenance and keeps work area in neat condition
